KIRK MACDONALD

He asked permission from Council to drill under the pavement on Stanley Hill adjacent to his new structure in order to connect to the sewer line, but he asked if the Village could get a quote for the costs, and if the difference wasn't too dramatic, he would be willing to pay the extra, rather than cutting down through the pavement. The quote would be to install a lateral under the pavement to connect to the new complex on Stanley Hill. Job requires to be cut out and replaced with good quality fill, and tamped. Request for quotes to be sent to Doug MacDonald, John Flynn, Bill MacDonald and Red Wing Construction, asking for a reply by June 8th, 2000.

Council agreed that the outside toilets need to be done again. Clerk is to call Melanson's to service them once a month.

Council agreed that the chimney on the Cornish Inn needs to be repaired, and asked Clerk to send Mrs. Wagener a letter stating that the chimney in the back of her building is not safe, requesting that she have it repaired by June 15th and advise Council by way of letter when it has been completed, as it is certainly a danger to the public.
