

STANLEY VILLAGE COUNCIL
SPECIAL MEETING WITH STANLEY FIRE DEPARTMENT
WEDNESDAY NIGHT, APRIL 12, 2000

In Attendance:

Mayor Roger Ross
Councillor Mark Foreman
Councillor Barbara MacDonald
Councillor Rosemarie Regan
Clerk - Lorna Pinnock
Darrel Green - Fire Dept.
Kenny Colford - Fire Chief
Ken McDonald - Fire Dept.

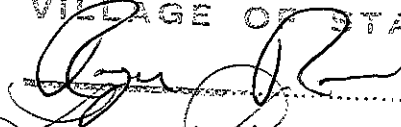

The Fire Dept. presented a tender document that they have ready to be submitted to Terry Youngblood for approval, prior to making financial plans to purchase a truck. Clerk will deliver this document to Terry Youngblood tomorrow and ask for it back within a week. The Fire Dept. made changes where applicable throughout the document.

Mr. Youngblood indicated to the Clerk that if we agreed to his stipulations for a Fire Truck, that his cost-share amount of monies would be 64.5% on a cost-share amount up to \$180,000.00. Our percentage would be 34.5%. He would not be able to give us a lump sum payment up front like before, but would make our principal and interest payments each year.

His stipulations included the following:

625 Pump Maximum Std.
With Diesel Automatic/Standard
1200 Gallons Water
Foam Unit

We will await the return of this document from Mr. Youngblood, and Ken McDonald stated that it could be returned to him at 250 King Street, Fredericton, NB (Education).
