COMPLAINTS FROM EDISON PALMER – SEWAGE SMELL

Edison complained to Mayor Storey. B. MacDonald spoke to Doug MacDonald who had previously worked on the sewer manhole, and Doug stated that they should check their vent pipes, as well as the stink pipe from the bathroom, as something could be lodged in this pipe and would result in an undesirable odor. Clerk will call Edison Palmer and request that he check these pipes.

ACTION: CLERK

REQUEST FROM MARY MCDONALD

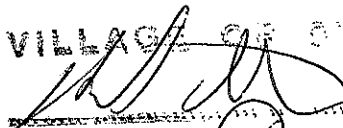

She called and asked if she could have some signs that would read “Deer Crossing” as they have numerous deer crossing the highway out in Limekiln. Mayor Storey will contact the Taymouth Government Garage to ask if they have any of these signs.

UPPER NASHWAKK AGRENA ASSOCIATION

An upcoming announcement is to be made concerning a donation of \$60,000 from the Federal Government in regard to the RINC Program, but they are unable to proceed until the Village of Stanley give them a Resolution stating that they will borrow \$160,000-\$170,000 on their behalf. Mayor Storey and Clerk have spoken to a representative from ACOA concerning this issue, and there seems to be some variances in what is requested. Council has asked Kirk MacDonald to attend our Council Meeting on Monday Night, September 21, 2009 at 7:30 pm, and this topic will be further addressed at that time.
