

**SPECIAL MEETING OF STANLEY VILLAGE COUNCIL
MONDAY NIGHT, APRIL 26, 2010
GARY SPENCER & STEPHEN DROST**

In Attendance:

**Stephen Drost
Gary Spencer
Barbara MacDonald
Tracy Hunter
Shelley D. Bartlett
Lorna Pinnoch**

Mr. Stephen Drost, Wasterwater Management, Dept. of Environment (453-7945) was present at our meeting and made a power-point presentation to Council, a copy of which he left with us.

He reported that Stanley had a measured effluent flow of 104.6 m³ day in 2009. (Stanley has one of the smallest). He also stated that Stanley has a 30-year time frame in which to be upgraded (low risk) in the province, and the Environment Risk Assessment for Stanley would be completed by December 31, 2017. He advised that they will pay 75% of the total costs (\$7,500 of a \$10,000 project).

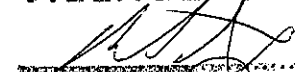

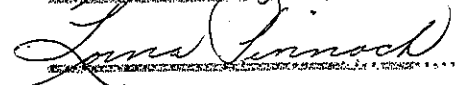

He stated that within the next year or two, he expects that public reporting will be done.

The estimated cost for the study to be done would be between \$13,000 and \$15,000, and there would be a \$400 Service Fee.
