***Meeting with Stanley Youth Engagement Organization:***

SYE asked to meet with Council to give an overview of the organization and the events/accomplishments to date. D. Colford gave a brief description of each event organized and attended by Stanley Youth. Their goals for the future include fundraising and applying for assistance to establish a community centre/youth centre. This would be central to the school and open to young & old. They are looking to Council for their support, and inquired about potentially renting a space from the village for the centre.

Some of the grants the YE have applied for include a community garden (in conjunction with the United Way); After School Snack program.

Council thanked the YE committee for attending and asked them to keep them apprised of developments.

Motion to Adjourn. B. MacDonald at 8:30 p.m.
